### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jason M. Honeyman on June 18, 2008.

The application has been amended as follows:

**Cancel claims 89 and 102.**

**Enter the following abstract:**

#### **ABSTRACT**

A laser system is disclosed comprising a laser device for emitting laser radiation and an optical fibre adapted to connect, in use, to the laser device for delivering the laser radiation. The optical fibre contains a label, such as an RF identification tag, a barcode or a colour code. The laser device interrogates the optical fibre and receives information back from the optical fibre. If the usage of the optical fibre has exceeded safety limits then the laser device may be prevented from operating. The laser device on receiving information from the optical fibre may also be configured to deliver laser radiation having a specific power, pulse width, pulse interval and treatment duration.

The following is an examiner's statement of reasons for allowance:

Regarding claims 68-88, 90-101.

None of the searched prior arts alone or in combination discloses the claimed laser with the structural combination of independent claim 68 having a delivery device with read/write for storing information and connected to the laser for providing information to the laser for the operation of the laser and where the laser updates the information on the read/write device.

Regarding claim 103.

None of the searched prior arts alone or in combination discloses the claimed method for a laser system with the steps of independent claim 103 of connecting a delivery device having a read/write device for storing information for the operation to a laser and updating the information of the read/write device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ARMANDO RODRIGUEZ whose telephone number is 571-272-1952. The examiner can normally be reached on 9:00 AM - 5:00 PM.
